

2024 Climate Action Report Card

At a Glance

The fourth annual Climate Action Report Card highlights the key initiatives undertaken in 2024 towards the climate goals in the *Dufferin Climate Action Plan* and *Together for Change: Dufferin's Climate Adaptation Strategy*.

2024 Highlights

BetterHomes Dufferin awarded **conditional funding** to develop a municipally-led financing program for home energy retrofits.

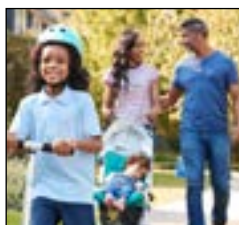

Developed Equity and Climate Lens Assessment Tool to embed climate considerations across municipal operations.

Awarded funding for Rural ReCharge network to implement a Regional EV Fast-Charging Network, with one station in Shelburne.

Engaged residents on the Community Resilience Hub, a multi-functional outdoor spaced designed to enhance community-well-being.

Drafted the Future-Ready Sustainable Neighbourhood Metrics through engagement with municipal staff, developers, and the public.

Provided funding and support to 8 local producers through the Experimental Acres and Dufferin Rural Water Quality Program.

Awarded funding for Electrifying BackRoads project from Natural Resources Canada to deliver electric vehicle education.

Engaged the Dufferin community at 20 events and delivered campaigns including Home Flood Protection and Home Energy Efficiency.
