Mystery Artifact

For the month of February four mystery items from the past were on display in the 3rd floor elevator corridor. Each week a new item was displayed and participants had the opportunity to guess each item. The artifacts have been on loan to Dufferin Oaks from the Dufferin County Museum and Archives.

The items have generated a lot of curiosity. As well, many discussions have been heard about the artifacts and the function they performed in days gone by. It has inspired some competitive spirit as well as brought back many memories from childhood. Thank you to everyone who participated!
