

Storm Update
4:00 p.m. on April 15, 2013

Environment Canada has ended the Freezing Rain Warning for Dufferin County however there is still precipitation in the forecast as well as some wind.

Power has been restored to most of Shelburne but all member municipalities still have ongoing outages. Estimated time of restoration for outages in Mulmur is 06:00 Saturday April 13th, 2013.

Hydro One has revised some ETRs in Dufferin until 23:00 hrs. Saturday April 13, 2013.

An overnight shelter is set up in Shelburne at the Early Years Centre, 167 Centre Street, for those who need reprieve from the cold. The Canadian Red Cross will staff this shelter overnight.

Warming Centres in Grand Valley and Orangeville will shut down at 16:30.

Several road closures continue around the County and reports of several hydro poles being snapped or lines being down have come in.

GRCA and CVC are monitoring their watersheds for high water conditions, flooding in lower areas remains a possibility.
