### **Long Term Management Plan for County Forest Released**

**Dufferin County – March 15, 2016** - The County of Dufferin has released the 20 year management plan for the County owned forest properties known as the Dufferin County Forest. The County owns and manages over 2,600 acres of forest, centred on the almost 1,500 acre Main Tract north of the community of Mansfield in Mulmur Township.

“The plan will guide the management of the Dufferin County Forest over the next twenty years, from 2016 to 2036. The Forest Operation Review Committee will now begin work on a recreation policy for the County Forest that will work in concert with the management plan,” said County Warden and Chair of the Forest Operation Review Committee, Laura Ryan.

The management plan will be posted on <http://www.dufferincounty.ca/files/content-pdf/forest-management-plan.pdf>.
