### **Age-Friendly Community Project Survey**

*Dufferin* – In early July the County of Dufferin began working on an Age-Friendly Community Program to enhance the quality of life for older adults residing in Dufferin County. As part of this program, the county is seeking input from older adults by way of an online survey.

The information gathered through this brief survey will help the Older Adults Advisory Committee assess the services and supports currently available and identify priorities as they embark on making Dufferin County an age-friendly community.
