TREASURY

Apr. 12, 2012.

Trevor Lewis and Scott Knowlton,  
County of Dufferin Roads Department,  
Zina Street,  
Orangeville, Ontario

Dear Gentlemen,

It is our understanding that discussions are underway to improve the intersection at Airport Road and 5 Sideroad,

Mulmur Township. In the process, we have read that in order to achieve this, the demolition of The Old Stanton Hotel would be necessary.

Since this hotel is part our heritage, our group is in opposition to the removal of this building. If it is necessary

to move this building back to improve the intersection, we are in favour of this. We realize that safety is a first priority,

but to demolish this Hotel, we do not agree.

Many of us have fond memories of that intersection with The Old Hotel and The Olde Stanton Store, long before it was a

gift store. We do not wish to see such a major change that would change the landscape so severely.

Please enter our objections in your decisions.

Sincerely,

WOMEN' INSTITUTE

HORNINGS MILLS

President: Ruth Haller

Secretary: Nancy M. Noble
