## Public Consultation:

This proposal has been posted for a 47 day public review and comment period starting December 27, 2012. If you have any questions, or would like to submit your comments, please do so by February 12, 2013 to the individual listed under "Contact". Additionally, you may submit your comments on-line.

All comments received prior to February 12, 2013 will be considered as part of the decision-making process by the Ministry of the Environment if they are submitted in writing or electronically using the form provided in this notice and reference EBR Registry number 011-7852.

Please Note: All comments and submissions received will become part of the public record. You will not receive a formal response to your comment, however, relevant comments received as part of the public participation process for this proposal will be considered by the decision maker for this proposal.

## Description of Instrument:

This posting is for a proposed Renewable Energy Approval (REA) by Dufferin Wind Power Inc. for the Dufferin Wind Power Project, proposed to be located in the Township of Melancthon, Township of Amaranth, and Town of Shelburne in the County of Dufferin, Ontario. This is a Class 4 Wind Facility with a total name plate capacity of 99.1 megawatts (MW) and a total expected generation capacity of 91.4 MW.

The proposed facility is considered to be a Class 4 Wind Facility under Ontario Regulation 359/09 (O. Reg. 359/09) Renewable Energy Approvals under Part V.0.1 of the Environmental Protection Act. Applications for Renewable Energy Approvals are required to be submitted in accordance with O. Reg. 359/09 for consideration for approval.

## Other Information:

This comment period is for the public to review the proposal and provide comments and input directly to the ministry. Under Section 15.1 of O. Reg. 359/09, proponents are required, within 10 days of the posting of the proposal notice on the Registry, to ensure that final copies of all submitted REA documents are posted on their website. The a link to the website for this project is available under Additional Information.
